

OEM Integration Made Simple

Kia and Autosoft DMS

Kia

Kia has certified Autosoft's DMS for integration with its dealer communications system. **Improve operational efficiencies with significant time savings and error reductions.**

F&I/Sales Integrations

» **Kia RDR:** Transmit Retail Delivery Reports to Kia.

Accounting Integrations

» **Financial Statements:** Autosoft DMS enables you to compile, prepare, and print financial data directly from the general ledger. Autosoft DMS also allows you to generate a monthly financial statement that you can upload to Kia.

Parts Integrations

» **Kia Parts Interface:** Download Parts Orders and Parts Returns generated in your DMS without re-keying information.

Service Integrations

» **Kia Warranty:** Transmit warranty claims to Kia.

» **Kia VIN Inquiry:** While writing the repair order, retrieve and view the vehicle's service history.

“ This integration between Kia and its dealers is part of our continued commitment to bring innovative technologies to market that help our customers work more effectively. ”
